Dear

FREEDOM OF INFORMATION ACT 2000

I refer to your recent correspondence dated 20th January 2010 requesting various operating figures for the Dalar Hir weighbridge.

In respect of your request VOSA is able to provide information with regards to of prohibitions, nationality of vehicles – UK and non- UK, offences and number of checks carried out. The period of the data extraction is six months, covering July to December 2009. I have also attached a separate spreadsheet which explains the nature of the offences that may have been encountered as The offences are detailed under the ECR offence group categories.

It should be noted that the Dala Hir site is covered by one of VOSA's High Risk Traffic Initiative teams (HRTI) who have a 24/7 shift work pattern, this may make the activity appear high.

Further information about the HRTI can be found in the Transport Select Committee's Report into VOSA's enforcement activities which can be viewed using the following URL
