The existing amount is unchanged at £11.

*Schedule 2*

Schedule 2, Item 8 of the Goods Vehicles (Plating and Testing) Regulations 1988 exempts "Vehicles designed for fire fighting or fire salvage purposes". However, some ex-fire engines are now being used as passenger vehicles for private hire and instead should be treated as a normal passenger-carrying vehicle and tested as such. An amendment is therefore required to the reference to fire engines in Schedule 2 of the Goods Vehicles (Plating and Testing) Regulations 1988 to only allow an exemption from testing for vehicles designed **and used solely** for fire fighting purposes.
