---

Dear \*\*\*\*\*

I refer to your request for MOT statistics and our subsequent telephone conversation. As explained we do not currently collect the information you are looking for and can only provide details of the failure rates and the top ten failure items. These are detailed in our Effectiveness Report available on our website [www.vosa.gov.uk](http://www.vosa.gov.uk).

The computerisation of the administration of the MOT test will make this information available. The final phase of trials will start in February and service commencement will now take place later in the Spring. This will then be followed by a 6 month roll out to all 18,500 testing stations.

Yours sincerely
